In the article "PedEoEvolution: optimizing pediatric and adolescent eosinophilic esophagitis management in Italy" (1), published in Volume 12, Issue 1 of *AboutOpen*, the legends of Figure 1 and Figure 2 were incorrectly reported. The correct legends are:

Fig. 1 - Geographic distribution of centers with selected expert panel members.

Fig. 2 - Key red flags and best practices in clinical, endoscopic, and histologic assessment.

Additionally, a new figure has been included in the Supplementary Materials as Figure S2.

We apologize for any inconvenience caused to the readers by this error, which does not affect the overall results or conclusions of the study.

The final version of this article is available online and includes a reference to this correction.
